

“Pharmaceutical and Street Drug Abuse: Their Impact on You, Your Family, and Your Dental Practice!”

Hal Crossley, DDS, MS, PhD

Friday, April 3, 2020

**Richmond Marriott Short Pump
4240 Dominion Blvd., Glen Allen, VA 23220**

**Registration: 8:00 AM
Lecture: 9 AM – 4 PM
6 CE Credit Hours**

The Richmond Dental Society is an ADA CERP recognized provider approved by the Virginia Dental Association. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental information. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. The Richmond Dental Society designates this activity for 6 continuing education credits.

Dr. Harold L. Crossley is Professor Emeritus at the University of Maryland Dental School. A native of Rhode Island, Dr. Crossley received a Bachelor of Science degree in Pharmacy from the University of Rhode Island in 1964. He was later awarded the Master of Science (1970) and Doctorate degrees (1972) in Pharmacology. The University of Maryland Dental School in Baltimore awarded Dr. Crossley the DDS degree in 1980. Dr. Crossley has co-authored several articles and four books dealing with a variety of topics within the field of pharmacology. Drawing on a unique background, Dr. Crossley has become nationally and internationally recognized as an expert on street drugs and chemical dependency as well as the clinical pharmacology of dental drugs.

The dental team is in a unique position providing dental care to a patient population that may be regular users or experimenting with mood altering drugs. This dynamic, brutally honest, and graphic presentation will take you from the streets and into the office to help you identify and manage the substance abusing patient. Discussion includes the origins, types, mechanisms of action, and signs and symptoms of commonly abused prescription and illicit drugs. This course is for dentists, dental hygienists, dental assistants, receptionists, and spouses.

FROM THIS LECTURE YOU WILL LEARN:

1. The signs and symptoms of commonly abused prescription and illicit drugs in patients and adolescents.
2. What medications to avoid with the suspected drug abusing patient?
3. How to recognize and manage the doctor shopper?
4. How to manage the chemically dependent patient?
5. What are “meth mouth”, “lean”, “whippets”, “parachuting”, “bath salts”, “spice diamond,” “spice gold” and more?
6. How can my kid get intoxicated on hand sanitizer?
7. Is marijuana addicting?
8. Does marijuana have medical properties?

The Virginia Board of Dentistry has made a new requirement for prescribers of drugs schedule II-IV (regulation 18VAC60-21-106) that states 2 hours of CE on pain management is required every two years. This lecture presentation will include information that fulfills the new Virginia Board of Dentistry requirements on ‘pain management’.
